What is the purpose of this Project?

India and the European Union signed the CAMM in 2016 and, in view of their strengthening strategic partnership, the EU-India Cooperation and Dialogue on Migration and Mobility project will support the promotion of better mobility and migration governance between the EU and India. This project aims specifically at:

- Improved knowledge base of migration flows between India and the EU
- Enhanced legal, policy and administrative institutional capacity of India and the EU on migration management
- Increased awareness and tools to adopt international standards and best practices on migration management

How is support provided?

Based on the principle of mutual collaboration, the facilitation and delivery of policy focused exchanges, peer-to-peer sharing of expertise, and the generation of knowledge tools, the project will provide a reliable and sustainable platform for regular and structured dialogue between India and the EU.
