### What is MIEUX+?

Since 2009, the Migration EU eXpertise+ (MIEUX+) Initiative supports regional organisations, national and local authorities, parliamentary bodies, judicial actors, and civil society organisations in improving the governance and management of migration and mobility.

Stimulating knowledge exchange between the European Union and institutions in Africa, Asia, European Eastern and Southern Neighbourhoods and Latin America and the Caribbean, MIEUX+ can receive requests to provide capacity building on all areas of migration, sourcing the knowledge required from mainly European Public Administrations, academia and the private sector.

In doing so, MIEUX+ creates mutual learning spaces where partners learn from the EU, its MS or other partner countries' experiences, but participating EU MS benefit. By quickly adapting to local contexts to tailor each activity to partners' needs, ensuring synergies and complementarities and embedding a whole-of-government approach, MIEUX+'s Actions are results-oriented.

MIEUX+ is a joint initiative funded by the European Union and implemented by the International Centre for Migration Policy Development from the Brussels Mission under the Global Initiatives Programme.
