SAFEGUARDING MEASURES AT BORDERS

Management of travellers at border crossing points in the context of the COVID-19/contagious disease outbreak

HOW DOES COVID-19 SPREAD? Coughing Shaking hands Touching surfaces

GENERAL MEASURES FOR SELF-PROTECTION OF OFFICERS

- → Wearing PPE (masks, gloves)
- → Hand hygiene (cleaning hands with soap and water or with an alcohol-based hand rub),
- → Refrain from touching mouth and nose,
- Disinfection of work space and equipment,
- → Keep the distance (min. 1.5 m)

ADDITIONAL MEASURESFOR PROTECTION OF YOUR FAMILY AND PARTNERS AFTER YOUR SHIFT

- → Clean or decontaminate your work equipment, including shoes, avoiding the spread of particles/dust;
- → Take off duty clothes and wash them with laundry soap as soon as feasible.
- → Handle, transport and wash them in way that limits exposure to skin, eyes, environment and other clean clothes(avoid shaking clothes);
- → Take a shower or wash exposed skin with soap and water;
- → Self-monitor for signs of illness and seek medical advice if you show any symptom

Some persons may have:

- Aches and pains
- ☑ Nasal congestion
- Runny nose
- Sore throat
- ☑ Diarrhea
- Loss of taste and smell
