| <p>I am writing to inquire about my eligibility to apply for your training program Euromed migration V. I read the information on the website (https://www.icmpd.org/our-work/projects/euromed-migration-v-emm5) and am a bit confused. The website mentions that "in addition to 27 EU member states" a number of MENA countries' nationals can participate. But the info sheet mentions that the applicant has to be from the MENA region. I have an EU passport. And at the time of the programme I will be residing in Jordan.
