

Engaging African civil society in migration governance and policy dialogue

By translating commitments into tangible actions, this joint EU-ICMPD Grant Facility strives to ensure impactful and sustainable outcomes, leveraging the expertise of African civil society.

OBJECTIVES

The MMD Grant Facility supports projects in the field of migration led by civil society organizations (CSOs), research institutions, diaspora organizations and other non-state actors in association with local authorities.

The goal is to strengthen their ties with the Joint Valletta Action Plan (JVAP) framework and the Africa-EU migration and mobility dialogues namely, the Rabat Process, the Khartoum Process, and the Continent-to-Continent Dialogue, while enhancing their role in migration and mobility at continental, regional, and multi-country levels.
