EU MIDCAP
EUROPEAN UNION MIGRATION AND DISPLACEMENT CAPACITY ASSISTANCE PROJECT

Funded by the European Union

JAN 2025 — DEC 2028

BECOME AN EU-MIDCAP EXPERT

EU-MIDCAP is mobilising European public expertise to shape migration and displacement governance worldwide. Through the project, public officials from EU Member States have a unique opportunity to share their knowledge, contribute to international cooperation, and support partner countries through peer-to-peer technical assistance on migration and forced displacement. Experts can get involved on a short- to medium-term basis, either onsite through short-term deployments or remotely, and benefit from direct exposure to authorities in partner countries.

OBJECTIVE

EU-MIDCAP is a peer-to-peer Facility supporting partner-country authorities and civil society organisations, as well as regional bodies, to design and implement their migration and forced displacement management systems in line with international standards and to develop their cooperation with the EU and its Member States. Funded by the European Union (DG INTPA) and co-implemented by a Consortium led by the International Centre for Migration Policy Development (ICMPD) together with UNHCR, the authorities of Belgium (through Enabel), Czechia, Poland, Spain, Sweden, and UNICEF, EU-MIDCAP provides rapid, tailor-made assistance upon request.
